

Do you want to have a chaperone?

What is Berkshire Healthcare's Chaperone policy?

Berkshire Healthcare is committed to providing a safe, comfortable environment, where patients and staff can be confident that best practice is being followed, at all times and the safety of everyone is of paramount importance.

All young people are entitled to have a chaperone present for any consultation, examination, treatment or procedure. You may ask for a chaperone at any time for any of the above.

Please let staff know if you would like a chaperone and they will arrange for a member of staff, or if appropriate, a family member or carer to be present during your consultation, examination, treatment or procedure.

Your healthcare professional may also require a chaperone to be present for certain consultations in accordance with our Chaperone Policy.
